Beschreibung

PRODUCT GINKGO BILOBA GLYCOLIC EXTRACT

INCI NAME Propylene glycol, aqua, ginkgo biloba leaf extract

BOTANICAL NAME Ginkgo biloba L.

BOTANIC FAMILY Ginkgoaceae

CAS NUMBER 57-55-6; 7732-18-5; 90045-36-6

ORIGIN OF RAW MATERIAL Italy

ORIGIN Vegetable origin

ORIGIN Vegetable origin

ACTIVES OF THE PLANT Flavonoid glycosides: 3'-O-methyl mericetin-3-ramnoglucoside, isoramnetol-3-O-rutinoside, syringetin-3-orutinoside; amentoflavonic bisflavonoids:: ginkgetol, isoginkgetol, bilobetol; sesquiterpene lactones; bilobalide; ginkgolic and hydroxyginkgolic acid; ginkgol; bilobol; 6-hydroxy kynurenic acid

TYPE OF PRODUCT AND USE Cosmetic grade

DESCRIPTION Extract obtained by cold maceration of the dried herb in propylene glycol USP

COMPOSITION Propylene glycol > 60%, aqua 5-20%, ginkgo biloba leaf extract 27-33%

ALLERGENS The product contains no significant amount of allergens mentioned by Reg. 1223/2009/EC

HEAVY METALS None

STORAGE Store in tightly closed containers

Store in cool and dry place

PROPERTIES Adjusting the sebaceous secretion

APPLICATIONS It is useful for the treatment of dry and dehydrated skin

RECOMMENDED DOSAGE 3-5%
